 Drop Off: 1 Club House Road, 2nd Floor, Endicott, New York. Phone (607) 729-5059

Change A Life... Maybe Your Own!

Our amazing volunteers assist our organization in almost every single endeavor - from the workshop to helping with our many fantastic events! Please consider spending some time with us.

Workshops - Workshop Volunteers support our programs for Family & Small Groups. Workshop conducted in our Boys & Girls Club location & in regional centers by appointment. Typical workshop volunteer can be workshop assistants & provide administrative support. Training and References are required. Training is offered monthly. Time commitment is flexible.

Special Events - Special event volunteers can expect to be a part of the fun by helping us with event details such as: information booths; event decorating, planning, set up/tear down & guest support. Events include: Paint with Players; Annual Paint Chips Casino Night, Auctions; and local festivals. Some training may be required. Time commitment is flexible.

Fundraising - Help us make a difference. You can "Friend" raise or join our team planning one of our special events!

Internships - Internships are available for undergraduate and graduate level students. Students will have hands on learning how small non-profit community service organization function and assist them in gaining an understanding of the demographics we serve. Interns will be asked to choose an area of interest within our organization to focus on. Some training may be required. Time commitment is consistent with University requirements.

Thank you for your interest in our programs! We are focused on providing creative supports and opportunities for individuals with special needs and their families. Since our beginning, our workshops/session to be flexible in order to effectively meet the needs of those we serve in a variety of ways. We welcome you to join in the fun as a participant (if eligible), as a volunteer or as a supporter.

CreateABLE's programs include:

- ✓ **Fair Play** – This unique program actively partners sports teams such as: the Mets (Baseball), American Special Hockey Association, Binghamton Devil, Binghamton Jr. Senators and Binghamton University Athletics (Basketball, Soccer, Tennis and Swim). Each session focused on supporting individuals with special needs and families to safely attend community events, explore their interests, and “Try” a new physical activity which may have been challenging to them. The program works closely with peers in the community, for a fully integrated experience which fosters positive relationships and builds peer and community relationships. This program partners close with Binghamton University Athletics to provide volunteer opportunity for student athletes. The result for all is increased self advocacy and confidence.
- ✓ **“TwoGather”** – This program partners with Senator Fred Akshar to connect friends (ages 7-17) with and without special needs while they explore their interests with fun activities. Making new friends and welcoming everyone leaves no child “left out” or struggling with learning new social skills or communicating. This program supports typical and special needs kids by pairing them up and supporting them as they build friendships and explore their interests. With a variety of groups and interests (Music, Arts, Gaming, Sports, Cooking, etc.) this program includes everyone to build friendships and self esteem.
- ✓ **“Best Buddies”** – This program partners with the Binghamton University Chapter of Best Buddies to connect friends (ages 18 and up) with and without special needs while they explore their interests with fun activities.
- ✓ **Friendly Access Sensory Safety Kits** – Friendly Access delivers Sensory Safety Kits to performance and sports venues. These kits are meant to support individuals of all ages with sensory needs (i.e. Autism, Neurological Impairment, Dementia, etc.) as they enjoy the event. In addition to the kit availability, this program provides meaningful job opportunities for individuals with special needs. You can find our kits locally at the Binghamton University Events Center, Floyd Maines Veterans Memorial Arena & Forum Stage, Carrier Dome, The Great NY State Fair, as well as venues across the country from the Capitol One Arena in Washington, D.C. to the STAPLES Center in Los Angeles.
- ✓ **The Magic Paintbrush Sessions** – Our Family Engagement Magic Paintbrush sessions are designed to creatively meet identified needs of individuals with their participating family members. Our Magic Paintbrush Sessions use creative materials to help families “see” that they are achieving their goals together. Sessions will be limited by appointment to Family Sessions and Early Childhood sessions with Reva Reid Therapy Services. (Group sessions will have limited availability and will be evaluated for applicable goals and outcomes.)
- ✓ **“Works With Me”** – Providing supportive job skills and career support to individuals with differing abilities. The Works With Me Sessions support independence, decision making, planning and follow through in a creative and caring environment.
- ✓ **Volunteer Opportunity** – Volunteers are welcome to help with any of our session or in our office. We provide training and support for a successful experience. Commitment is flexible!
